MISS BROWN LOSES HER CASE

Jury Decides Against Her in the Suit Against the Atlantic Shore Railway

The jury in the supreme court at Alfred, Me., on Thursday gave a verdict for the Atlantic Shore Railway in the case of Miss Annie M. Brown of Williamstown, Mass., who brought suit to recover \$2000 damages for injuries alleged to have been received on August 3, 1911 at York Harbor. The plaintiff claimed the car started while she was alighting. The jury was out but a short time.

WHO WILL IT BE?
Council Likely Not to Confirm When the Mayor Appoints.
George A. Wood is mentioned as likely to succeed James A. Barrett as a member of the Board of Public Works. While it is early to predict who will fill the vacancy, it is a safe bet that the council will not give its confirmation to some of the applicants whose names are already in the hands of the mayor.

Many people believe that the only quick way to clear up the whole thing would be to have the city council put Mr. Barrett back on the board of public works and the board elect a new superintendent for the department.

OFFICIALS DENY CHANGE RUMORS

Claim No Radical Moves Will Be Made on the Boston & Maine.

General Manager Benjamin H. Pollock of the Boston and Maine denied the current rumors that he would leave the road on June 2. Further there will be no radical changes in the personnel of the road with the summer schedule as far as he knows. Reports stated that Mr. Pollock would step out as general manager and that General Superintendent J. G. Tyler would be returned as superintendent of the Milburg division. Other changes among trainmasters and division superintendents were also mentioned.

None of the B. and M. heads could state where the reports started from. They all vigorously denied that any such changes were planned.

COUNSEL COULDN'T AGREE

Green Acre Controversy Continued to the June Term of Court.

There is not yet any signs of a settlement of the differences that have torn the Green Acre Fellowship of Elliot into two factions. Judge Spear who has been presiding at the opening held in Portland Wednesday hoped Thursday that counsel for the two sides could come to some understanding, but counsel couldn't.

The hearing begun Wednesday had not been finished that afternoon, so all those interested again gathered in the supreme court room Thursday morning to continue the hearing. Judge Spear suggested that it would be a good plan for the attorneys for Francis Keefe and for Dr. Pillsbury Moore to get together and talk things over. The lawyers did so and they talked the whole forenoon and part of the afternoon. Then they gave it up as hopeless. When this announcement was made Justice Spear announced that the hearing would be continued until June and would begin again after the session of the supreme court to be held at Bath.

A POLITICAL LOVE FEAST

Jefferson Club Planning for Out-Door Gathering of Politicians.

The Jefferson Club are making plans for a summer outing to be held in August. The affair will be a political gathering and the leading Democrats of the party throughout the state it is understood will come here on the occasion and take part in the love feast. The date and place has not as yet been selected. The leading officers of the club today refused to say much regarding the gathering other than it would be a big political assembly and that the party men of influence would be heard regarding national, state and city affairs.

DANCING PARTY.

Ideal Club of Rye Gives Enjoyable Event on Thursday Evening.

The Ideal Club of Rye held a most enjoyable dancing assembly in Rye town hall on Thursday evening, with a large attendance, including many from Portsmouth, Greenland and New Hampton.

At intermission refreshments of ices and cakes were served. Hoyt and Rowe of Portsmouth furnished entertaining music for dancing. Late cars conveyed the party to North Hampton and this city. The committee in charge were the officers: Mrs. Agnes Perkins, president; Miss Emma Foss, vice president; Mrs. Harriett Moulton, secretary, and Mrs. Nellie E. Seavey, treasurer.

FUNSTON'S MESSAGE CAUSES COMMOTION

COMMITTEES ARE NAMED

Much Business Transacted at Business Meeting of Girls' Club.

The regular monthly business meeting was held at the Girls' Club on Thursday evening and much business was transacted, followed by a talk on State Institutions.

The classes in all departments will be discontinued after Monday evening, May 11th, the last meeting of the Gymnasium Club being held on that date, and the last lesson in millinery will be held this evening.

During May weekly socials will be held when dancing will be enjoyed. There will be a supervisor present and a good pianist to furnish music. May 26th is the date of the special social at which time the associate members, over a hundred in number will be the guests.

It was voted to retain Miss Goodwin's services, and also to have three dinners a week during the month of June.

The committees appointed were as follows: Entertainment—Eather Slosberg, Marion Call, Helen Bartlett, Florence Davis, Margaret Ballard, Mrs. May Roberts, Mrs. William Cogan.

Visiting—Mrs. McPhee, Mrs. MARY Roberts, Miss Eva Beaulieu and Margaret Goodwin.

House—Edna Beaulieu, Mrs. John McPhee, Marie Cullen, Pauline Lear.

At the conclusion of the business session Mrs. Mary I. Wood gave a very interesting talk on "State Institutions," which was both educational and interesting.

BOAT DAMAGED.

Uninvited Guests Take Possession of Motor Boat Bertha II.

Two loafers have evidently been making their headquarters aboard Mr. W. Thompson's motor launch "Bertha II." The launch being tied across the Shoals steamer dock, the vagrants cut one line in order to get aboard. Consequently the Bertha II. drifted under the dock, after the lodgers had left, and much damage was done by rubbing and pounding against the dock. Mr. Thompson is planning to set a trap for his self-invited lodgers.

Entire General Staff of Army Called Into Conference by Secretary of War Garrison--Meeting Ends at Midnight But Officials Maintain Strict Secrecy

Washington, April 7.—Upon receiving a long cipher cablegram from Gen. Funston at Vera Cruz last night, Sec. Garrison called into conference at the war department Major General Woodrison chief of staff and the entire general staff of the army. No intimation as to the nature of the dispatch was made public.

The conference lasted until nearly midnight and when Secretary Garrison finally left the office, no word would be no announcement tonight. He and the army officers were grave faces and it was no secret that news of importance had been received.

Washington, May 8.—Development in the Mexican situation went steadily forward yesterday. The two chief reports from the interior of Mexico announced the killing of two British subjects and one American at Guadalupe and the continued heavy fighting at Mazatlan on the Pacific coast where a rebel airplane executed a spectacular exploit in dropping a bomb which killed four persons and injured eight in the streets of the beleaguered city.

This state department also was informed by Consul Blum at Durango that the movement of the Constitutional forces had now begun southward against Saltillo and Zootépec.

The envoys from Argentina, Brazil and Chile continued their sessions today. One important development of their work today was that despite Carranza's self elimination from the conference the Constitutional side of the Mexican problem would be fully endorsed by the mediators in the plan to be formulated by them at the coming conference at Niagara Falls.

Appoint Legal Minds

President Wilson and Secretary Garrison have determined to appoint as delegates to the mediation conference, men of judicial ability. No member of the cabinet or officer or member of congress will be selected, but a

Nemo Week, 1914

Beginning Monday, May 4th

Introducing the complete line of Nemo Corset Specialties for 1914, including beautiful new LASTIKOPS models for slender figures; improved styles in the famous SELF-REDUCING; and the greatest corset invention of the century—the wonderful NEMO KOPSERVICE Corsets.

EVERY WOMAN CAN BE FITTED IN A NEMO THAT WILL PRESERVE HER FIGURE AND GUARD HER HEALTH

Every Nemo Corset has exclusive patented features of great value, some of which are shown in the diagrams:

1—Nemo "bridge" construction which prevents all pressure over the waist-line. No Nemo Corset ever "digs in" at the top.

2—Nemo Lastikops Bandlet (semi-elastic) which gives perfect abdominal support from underneath.

3—Nemo Lasticurve Back, makes skirt of even the longest corset flexible.

4—Improved Self-Reducing front; used in the new "Duplex" models.

5—Nemo Duplex Back, produces perfect "in-curve."

6—Nemo "Limshaping" device, reduces thick upper limbs to natural size.

7—Nemo Auto-Massage device, reduces abdomen permanently.

8—Nemo "Easy-Front" semi-elastic gores, in an almost topless model, cover nearly the entire gastric region.

The Nemo semi-elastic fabrics, "Lastikops Webbing" and "Lastikops Cloth," used only in Nemo and Smart Set Corsets, are guaranteed to outwear the corset.

Every Nemo Corset represents at least twice as much value, in material and making, as any other corset sold at same prices.

Nemo Corsets are worn by women who rightly demand the greatest value for their money. Come and inspect the new models and the entire Nemo line.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Use It Like a Cold Cream and Dry Eczema Eruptions Right Up

The moment you apply bold-sulphur to an itching or broken out skin the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief given in aggravated Eczema that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with torturous itching.

SELECT ONLY HALF A JURY

Becker's Second Trial Moves Much Slower Than First One.

New York, May 7.—The selection of the 12 men who are to determine whether Charles Becker instigated the plot to murder Herman Rosenthal, moved slowly today. During the forenoon session two jurors were seated, making a total of seven in the box. William B. Dalton, juror No. 2, was then excused.

The afternoon session lasted just a half hour, until the panel called for today was exhausted. In all 89 tallies were examined.

The trial has now been in progress two days and but half of the jury is in the box.

After court had adjourned District Attorney Whitman conferred with Judges Sedgwick regarding a statement which Bourke Cockran of counsel for defense was reported to have made outside the court room yesterday. Cockran is alleged to have said he intended to quit the case and to have added:

"It is not a trial; it is an assassination."

On the ground that such a statement was a reflection upon the court, it was decided to issue subpoenas for newspapermen said to have heard Mr. Cockran's words so that they might be examined in court tomorrow, when it was thought tonight, Mr. Whitman will make a motion that Mr. Cockran be adjudged in contempt.

The Tipping Evil.

The California state railroad commission has been investigating the rules, regulations and practices of the Pullman Car Company in that state and has found numerous causes for complaint. There are many things which the commission regards as wrong, but the worst is inattention of employees to patrons of the company, and the fact that the pay of these employees is so small that they are obliged to depend on tips to make a decent living. The fact that they are inattentive in some cases is doubtless due to a lack of tips satisfactory in number and size. Where the tipping custom is thoroughly established neglect is liable to be experienced by those who fail to comply with the custom.

While this investigation was made in California and the shortcomings of the company were brought to light there, it is probable that conditions in that state are no worse than in any other. The Pullman company is the same everywhere and porters are very much the same in all parts of the country. They are constantly on the lookout for tips, and their best services are conferred upon those who "come down" most generously. This is little cause for wonder in view of the commission's finding that the wages paid in California is \$27.50 a month.

That is not decent pay for a porter, and the situation shows that the company is willing to bleed the public through its employees and the apparent willingness of the public to be bled. People who patronize the Pullman company have to pay their way, and if they would insist on getting what they pay for without tipping the porters every time they make a motion they would get the service. The only difference would be that the porters would be paid by the company instead of by its patrons.

But this is only one phase of the tipping nuisance, which is so pronounced and widespread at the present time. It extends all the way from the bootblack stand to the best hotel. But it is the people who have built it up, and they can wipe it out whenever they will. This is not a condition brought about by legislation. No referendum is needed in the premises. The matter is squarely in the people's hands, and when they are ready to demand the service for which they have paid they will receive it without the necessity of paying an additional tax to those employed to perform the service.

The construction of two battleships will be the program for next year. This is an easy time to put through appropriations for that sort of thing. There is nothing like wars and rumors of wars to loosen up the public purse strings. And that is one reason why certain classes are so fond of wars and rumors of wars.

President Wilson is reported to be growing impatient over the delay in carrying out his legislative program. But Congress has had many other things to think about for the last few weeks. In time it will wake up to the fact that there are some things to be attended to at home as well as in Mexico.

There is also to be another Roosevelt wedding, but it will take place in Madrid and not in the White House. And the Roosevelt family will furnish the groom instead of the bride. There will not be half the agony there was when Alice was on the tapis.

Many cities and towns are planning safe and sane Fourth of July celebrations. This is well, but in view of the war spirit which is in the air to some extent it will be strange if some of the celebrations are not a little noisier than usual.

In New Jersey there is a dairy in which the cows are cleaned by the vacuum process, the milkers have their nails manicured and are not allowed to swear at the animals. Whether they wear dress suits while doing the chores is not stated.

There are those who want the federal constitution amended so as to provide for woman's suffrage and nation-wide prohibition. It is to be feared that if this were done emigration to Canada might be larger than it is.

Statistics from Washington show that about half a billion dollars has been lost through strikes and lockouts in the last 20 years. A country that can do that and be as prosperous as the United States is some country.

The western states begin to report storms destructive of life and property. The winter was a terror on the seas, but it is to be hoped the summer will not match it with storm ravages on the land.

Yes, "We can trim 'em," as we are so often reminded just now. But do those who are talking this take into account the cost of the job?

And after the green grass, and the flowers, and the birds, and the spring poetry—then come the baccalaureate sermons.

Mrs. William G. M'Adoo, the Latest White House Bride.

Photo copyright by Clineinst.

Following their quiet wedding in the White House William G. M'Adoo, secretary of the treasury, and his bride, who was Miss Eleanor R. Wilson, second daughter of the president, went on their honeymoon, which they had planned to spend in Europe. This shows the bride in her wedding gown of ivory white satin, trimmed with real old point lace.

CURRENT OPINION

Mistake to Fashion City Government Upon Governments of State and Union.

American city government as we know it historically does not offer a flattering record. The basic difficulty, as I conceive it, is that we made the mistake of fashioning the forms of our city government upon the governments of state and union.

Having made a miniature of this sort, suggesting at every point the entrance of partisan politics, we have run our cities upon national political lines. Whenever anything has gone wrong the cry has been, "Change the government!" And the process of upsetting things at the polls, with the consequent "turning out of the rascals," has been accepted as the normal remedy for passing ills. The result has been that we have not only had a system of government utterly unsuited to its purpose, but a chaos of checks and balances that has reduced both opportunity for real service and responsibility for trust.—By George McAneny, President New York Board of Aldermen.

PUTTING SALT ON THE DOLLAR'S TAIL

When the manufacturer of a nationally sold article begins an advertising campaign in the newspapers he is setting a flock of dollars in motion. They are going to be caught by some one. The wise dealer proceeds to sprinkle salt on the tail of the dollars by letting the public know he has the goods. He reaps the benefit of the other man's advertising by doing just a little pushing on his own account at the right time. The caught dollars help to make for his own prosperity as well as for that of the manufacturer.

CONFERENCE CLOSES.

Successful Meeting of School Heads at Concord.

The conference of members of the various school boards of the state under the auspices of the state department of public instruction at Concord, which opened at the state house Wednesday afternoon was brought to a close Thursday in time to allow the visitors to take their trains.

The attendance upon the conference has been good, much interest has been manifested in the addresses and discussions, and great benefit is expected to result.

At the morning session the addresses on educational topics were by John S. Gilman of the Lisbon-Landaff supervisory district, James N. Pringle, superintendent of the Portsmouth schools, and Colonel E. C. Bean of Belmont, chairman of the house committee on education, while the closing talks of the afternoon were made by Marian M. Bisbee, principal of Robinson seminary, James B. Heald, health officer of Berlin, and Dr. Irving A. Watson, secretary of the state board of health.

AT THE PORTSMOUTH THEATRE

Portsmouth Theatre was well filled Thursday evening. The crowds greatly enjoyed the juggling act of Barrett and Scallen, it being one long laugh without any breathing places. These comedians are among the leaders of their class, producing some very clever and difficult stunts.

The feature picture, "The Chinese Man," was greatly enjoyed by all. The sixth story of the series will be shown Monday.

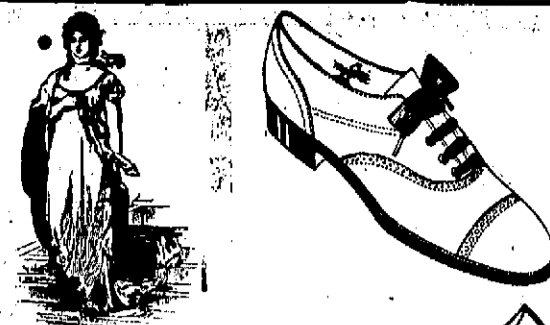

A complete change of pictures today.

"The Musical Hylands" are the talk of the town today. Their exhibition on the xylophone is accurate and excellent, and accuracy is the most important point on this sort of instrument.

Miss Hylands' instrumental solo "Silver Threads Among the Gold," brought tears to the eyes, and held the crowd breathless. The instrument used is styled the "Hylandphone," or Mr. Hyland's own invention, and is the only one of its kind in existence. A sweeter, softer tone could hardly be imagined. Mr. Hyland renders "Will the Sands of the Desert Grow Cold,"

on the Wonderphone Helicon, an enormous instrument on the bass horn style. Mr. Hyland holds a medal from the Jamestown exposition for his performance on this peculiar instrument. Some snappy trombone selections are included in the act. The "Rosary" with variations is exquisitely rendered on the South American nabanulo, an instrument resembling a huge xylophone, but with a deeper and softer tone. No one can afford to miss this act. Both acts will be seen here Friday and Saturday afternoon and evening.

The supper was well attended and will go down in the annals of the society as one of the best and most pleasant of their meetings.

PEOPLE'S OPINIONS

Wants Playout at the Pond
Editor Herald:—
Some gent was certainly there with the "husk" regarding the veteran armistice muster, in your issue of the 6th inst. His wonder "E. Nuff" didn't suggest opening up the windows in the various stores and offices around Market Square so as to increase the number of streams to be thrown at one time. Great dogs; but where is the water coming from? This is a serious problem, especially when we are on the eve of furnishing a water

supply to the town of New Castle. I don't approve of handouts in the business district. What is the sense of a playout anyway? Wouldn't a march and a clambake with light tunces and cigars be satisfactory? It would at least reduce the expenses and save water, besides the work of cleaning up the machines. If there is to be a playout, station the tubs around the South pond. It would almost form a circle; draw the water from the pond and let them throw up South street, Pleasant street, and over the public playground.

Cut out the parade for something of this kind.

BIRTHDAY PARTY.

Miss Zyltha L. Woods Entertains Young Friends on 14th Anniversary.

Miss Zyltha Louise Woods entertained her little friends from 4.30 to 6 o'clock on Thursday evening, at the home of her parents, Mr. and Mrs. Harry Woods, on Austin street, the occasion being the fourteenth anniversary of her birth.

The little hostess greeted the guests upon their arrival and was very prettily attired in a party frock of light blue broadened silk with girde of coral pink messaline and wide herlin of lace. The young folks made merry from the very minute of their arrival to their departure which they made reluctantly. All the games dear to the hearts of childhood were indulged in and instrumental and vocal music was enjoyed.

At 7 o'clock the young folks were ushered into the dining room where a dainty lunch consisting of assorted sandwiches, salads, olives, assorted cakes, cheese wafers, ices, fruit punch was served. The little place cards were of Dutch design and furnished much merriment. The birthday cake, daintily iced in pink and white and inscribed "Zyltha, 1899-1914," was the feature of the luncheon, at the conclusion of which music, games and dancing was enjoyed until after 9 o'clock.

Mrs. Woods was assisted in entertaining by Misses Gertrude Poole, Jennie Ackley and Ayla Varrell.

Miss Zyltha was the recipient of many pretty and costly gifts.

Among those present were Blaise Hodgdon, Maria Adams, Dorothy Harrison, Margaret Wiggin, Vivian Goldsmith, Florence Stott, Teresa McCarthy, Gwendolyn Woods, Philip Hodgdon, Philip Woods, Myron Woods, Franklin Dares, George Bailey, Lloyd Wood, Watson Dares, Henry Murgeson.

FIFTY YEARS MARRIED.

Mr. and Mrs. George E. Paul Fittingly Observe Anniversary.

Mr. and Mrs. George E. Paul of Newfields observed their golden wedding anniversary Thursday, the event being informal. They were married by Rev. Monzer Smith, May 7, 1864, he being at the time, pastor of the Methodist church.

Mr. and Mrs. Paul have during their life resided in Maine, where he, as a mechanic, was connected with John F. O. Ryder, in a spoon manufactory. Returning to this town he was for many years connected with the Swampscott Machine Company.

Mrs. Paul was Harriet Abby Neal, a native of Newfields. They have three children, Elmer D. Paul of Haverhill, Mass.; Mrs. Frank C. Higgins of Boston; and Mrs. Frank Wilson of Newfields; also twelve grandchildren.

OBITUARY.

Isaac Dow.

Isaac Dow, of Newington, one of the best known farmers in this section, died Thursday afternoon at his ancestral home, where he was born and always lived. Death was due to a paralytic shock, sustained on his 85th birthday.

He was the son of Isaac and Lydia (Pickering) Dow and he was born in Newington, April 23, 1826. His early education was gained in the public schools of his native town. He learned the trade of a carpenter and builder and for many years was employed by the late Frank Jones and Moses Yerton of this city.

He also was in business for himself and built many buildings in this city and vicinity. Of late years he was engaged in farming. Up to 25 years ago, Mr. Dow was a staunch democrat and represented his town in the New Hampshire legislature in the early 70s. Of late years he was a republican in politics.

He is survived by one son, Herbert H. Dow of this city.

Charles F. Remick.

Charles F. Remick, a carpenter, died Thursday morning at the Westworth hospital, Dover, aged 57. He was born in Elliot, Me., and was a descendant of Christian Remick, one of the earliest settlers of the town, and progenitor of the family of shipbuilders which became famous in the Revolutionary period. His father, William Remick, was a ship carpenter.

He is survived by his wife, three daughters, Mrs. Ethel G. Foss and Mrs. Jessie C. Jenkins of Dover and Grace M. Gray of Cohasset, Mass.; one brother, John Remick of Dover, and four sisters, three of whom reside in 1904. The funeral will be held at the home, 68 Mt. Vernon street, Saturday, at 1 p.m. Burial will be in Mt. Pleasant cemetery, South Elliot.

MR. BARRETT RESIGNS FROM BOARD OF PUBLIC WORKS

Council Accepts But Do Not Appoint --Bills for Street Repairs Reported and Referred--Other Business.

The regular meeting of the Mayor and Council was held on Thursday evening, and it was 9:30 before the Council got through their conference in the Mayor's office and came up to the Council chamber. There was considerable business, but it had been gone over and it did not take more than thirty minutes to do the work, ten of which was taken up by City Clerk Drew in reading the records of five special meetings since the last regular one.

The Board of Public Works were before the Council with requests for additional funds for bridges, sidewalks and streets, and Mr. James W. Barrett, whose membership in the Board of Public Works has been a matter of contention, which the court has in hand, sprung a surprise when he offered his resignation which was accepted.

The details of the meetings were Mayor Yeaton announced that he had appointed Councilmen Bennett, Gofayick, and Schurman as members of the building committee of the new school house.

A batch of petitions, all of which had been passed upon by the Board of Public Works, were read and referred with power to that Board.

A petition of Frank W. Knight and Albert Hishop for permission to erect three concrete light poles in front of their property on Congress street and to change over the 300 candle power light to three 100 candle power lights on the poles to be furnished by them, was referred to the committee on street lights with power.

A petition for a street light on Catts street was referred to the committee on street lights.

A petition of John H. Pahlis for the extension of the sewer on Sagamore avenue from Jones avenue to his lot, a distance of seventy-five feet, was read, but as the distance required by law for an abutter to enter a sewer is 100 feet, Mr. Pahlis was given permission to withdraw his petition.

Chairman Dowdell for the committee on street lights reported favorably for a street light in Elwyn avenue and it was granted.

The following report was received from the Board of Public Works on the petition of John S. Sharrett for a lease of the city property on Sagamore avenue, adjoining land he had purchased for an amusement park was read.

To the Honorable City Council, Portsmouth, N. H.

Gentlemen:--
In answer to the petition of John H. Sharrett, referred to this Board by your Honorable Body, we would say that we have no objections to the leasing of the gravel pit, providing the restrictions were satisfactory to us. It was our opinion that the lease should be made for one year only, and renewed annually, if agreeable to you.

Respectfully yours,
Board of Public Works,
F. E. Hasty, Clerk.

On motion of Councilman Bennett the report was accepted and filed and the petition of Mr. Sharrett denied.

Mr. Barrett Resigns
Mayor Yeaton read the following communication:

To His Honor the Mayor, and City Council:
Gentlemen:--

According to the opinion of the Mayor and City Solicitor, I am not a

member of the Board of Public Works, and as you are doubtless aware they have instituted legal proceedings against me, which prevent me from performing the duties of the office. I hereby accept their opinion and I have notified my attorney to withdraw the case from the courts. I am filing this course in order to facilitate matters and allow your Honorable Body to fill the vacancy which now exists.

Yours most respectfully,
JAMES W. BARRETT.

On motion of Mr. Bennett the resignation was accepted and the court proceedings against Mr. Barrett dropped.

The Board of Public Works asked for an appropriation of \$1200 for the repairs on bridges as follows: Catts street, \$400. Boyd avenue, \$100. Jones street, \$250. Beld road, \$450. It was referred to the committee on finance.

The same board asked for \$1000 for additional sidewalk work, and this was referred to the Finance committee.

The following communication was received in regards to street work, which was also referred to the Finance committee:
To the Honorable City Council, Portsmouth, N. H.

Gentlemen:--

After careful investigation of the needs of the city as to its streets, we are of the opinion that the time has arrived when permanent paving should be laid on Deer street and on Bridge street from Hanover to Deer. Also from Albany street to the entrance of the Jones Brewing Company plant on Islington street. Some durable material should also be put on the street from the Jones' entrance as far as Spinnery Lane. Chestnut street from Congress to State, and Middle from Congress to Lincoln avenue is in bad condition.

Following are our estimates for block paving:

Deer street \$17,200.00
Albany to Jones' Brewing Co. entrance 9,600.00
Bridge from Hanover to Deer 5,500.00
Macadam with Oil Binder:
Jones Brewing Co.'s entrance to Spinnery road 1,000.00
Asphalt Macadam:
Chestnut street 1,800.00

We would also recommend the relaying of stone pavement from Deer to Albany street, at an estimated cost of \$2,000. This pavement is now on a sand base and was laid during cold weather.

Respectfully yours,
F. E. Hasty, Clerk.

On motion of Mr. Dowdell, the Inspector of Wires and Poles, was authorized to make what ever changes in the candle power of lights about the city he deemed advisable.

The quarterly report of the City Marshal was received and placed on file.

The Auditor's report of bills amounting to \$3,732.44 were ordered paid.

A bill of George R. Palfrey for \$246.50 for goods delivered to the poor department, and held up on an opinion of the City Solicitor, that Mr. Palfrey as Patrolman Inspector was a city official and the city came under the charter forbidding city officials to sell anything in the city, was ordered paid after it had been explained that the goods had been sold in good faith and the city received them. City Auditor Murray at the same time enclosed the correspondence with the City Solicitor in regards to the case, and held that every office, whether Board of Public Works, Assessor, Inspector of Poles, etc., came within the act of a city official.

The pay rolls for June were presented and the Mayor authorized to draw his warrant when due.

A resolution by Councilman Titton authorizing the city clerk to purchase all of the property offered for taxes in behalf of the city, the sprinkling tax not included, was passed.

Adjourned to June 4 at eight o'clock.

WILL NOT PLAY.
High School Boys Touched by the Views of Their Principal.

Out of respect for the dead, Principal Frank H. Thurston, principal of the high school recently had a heart to heart talk with the manager of the school baseball team in which he expressed his views as to proper observance of the day, with good results.

Following the views expressed by Principal Thurston, the manager of the team talked with the members and each one agreed to cancel the game with the St. Asaph's team of Manchester on that date and try to arrange for another day to meet the college boys.

There are many people throughout the country who believe the day which should be given to respect for the dead sailor and soldier, is losing much of its significance and the public in general are departing from the customary observance for which this day was intended.

Mr. Thurston's father was a veteran of the Civil war, which fact, no doubt, helped his inspiration in making the appeal that he did.

FUNSTON'S MESSAGE CAUSES COMMOTION

(Continued from Page One)

man close to the President said today that it would not be surprising at a justice of the supreme court of the U. S. was one of the representatives of the American government. Justice Mahlon Pitney, Justice Day, Chief Justice George Gray of Delaware, Counselor Robert Lansing of the State department and Henry D. White, former ambassador to France, are brimmed with emotion.

News of the arrival of the Washington today to give account of events leading up to the receipt of his passports. A few minutes and deferred his report to the President and to Mr. Bryan until tomorrow.

Reports from the Brazilian ambassador in Mexico City stated that a trainload of American refugees 550 to 600 in number left Mexico City for Vera Cruz in two sections yesterday evening.

The Mexican this time permitted a guard to accompany the train to protect the refugees from Mole station. Among those on the train was Dr. Edward Ryan, the American, who had been under arrest on charges of espionage.

Strong representations have been made to Huerta in behalf of John R. Stillman, American vice and deputy at Saltillo, whose disappearance at San Luis Potosi has been a sort of anxiety at the war department for several days.

In the senate, Senator Chamberlain, chairman of the committee on military affairs, introduced a resolution authorizing the President to increase the regular army above the present statutory limitation of 100,000 men in time of war or when war is imminent. The resolution also recited that at the present time there exists a condition which may at any moment require the fullest and most effective use of the regular army of the United States. Senator Chamberlain stated that the bill was not the result of any conference with the President or the Secretary of War.

A significant evidence of military preparedness came from Colonel Goethals, governor of the Panama canal zone, who reported to the war department that detachments of troops had been stationed at main points along the canal to protect the locks against

possible disturbance during the Mexican trouble.

It was pointed out today that there seemed to be a mistaken idea in some quarters that the mediation proceedings were in the nature of an international conference to be followed by the signing of a protocol, whereas the efforts of the mediators will be advisory and not arbitrary.

There was no disposition it was said to regard the advance of the Constitutional forces as an imminent danger; the mediators being inclined to believe that they have ample time to make definite progress with their mediation proceedings before any developments could interfere with their efforts.

Reports during the day showed that conditions in northern Mexico had improved; that American who had fled from the mining districts in Sonora felt justified in venturing back to reopen the mines. A delegation of representatives of American soil interests at Tampico called at the navy department today and told Secretary Daniels that the United States ought to police Mexico and permit the resumption of oil operations in the Mexican fields. Later they saw the President.

Secretary Daniels told his visitors they ought to be thankful they had escaped with their lives. He suggested that inasmuch as they had come down to invest their money at greater advantage than was possible at home, they could do nothing but take their chances.

Representatives of all interests told Secretary Bryan that in consequence of their enforced absence from Mexico (title of their lease) is being transferred to rivals. This is understood to mean that the British concessionaries are the beneficiaries. It is understood that these titles are being transferred in Mexico City, and some of the Americans claim they face financial ruin in consequence.

Judge Chamberlain Will Hear
Court Cases at Later Date.

The last case to be tried by Jury in superior court at Exeter was that brought by C. Charles Hayes, highway agent of Exeter, against Michael Hallahan, also of Exeter.

It was a case based on an alleged misrepresentation in a horse trade and the plaintiff was awarded a verdict of \$229.16. The jury at the conclusion of the case was discharged for the remainder of the term and Judge Chamberlain will probably return later in the summer, the date being indefinite. He will hear court cases upon his return.

A SECRET OF ATTRACTIVENESS

Have you noticed how many of your women friends always appear faultlessly attired, how they preserve their garments and seem to make them retain their "just made" lustre?

Ask them. No doubt they will point out our way, for we are caretakers of the costumes and garments of every sort for many of the best appearing women of this community.

You can work wonders in economy by having wraps, suits, etc., given proper care. Occasional cleaning will materially lengthen their time of usefulness--and give that look of freshness.

We Clean Absolutely.
Our prices are lowest, consistent with service.

There It Is!

Chemical analysis of an ordinary cup of coffee shows that it contains about 2 1/2 grains of the drug caffeine. By actual test the U. S. Government demonstrated that 5 grains of caffeine (the amount in 2 cups of coffee) were sufficient to kill a rabbit.

Of course, human beings are stronger than rabbits, but there are few people who can drink coffee regularly without sooner or later feeling the effects of caffeine poisoning, commonly shown in headache, indigestion, biliousness, sleeplessness, heart agitation and other ills.

Thousands of people, tired of coffee troubles, have found relief by changing to

POSTUM

Made only from choice whole wheat and a bit of molasses, POSTUM is a pure food-drink with a delicious taste. It contains nourishment, including the vital phosphates grown in the grain, but is absolutely free from the coffee drug, caffeine, or any other harmful substance.

Postum now comes in two forms:

Regular Postum--must be boiled. 15c and 25c pkgs.

Instant Postum--a soluble powder, requires no boiling. A spoonful stirred into a cup of hot water makes a delicious beverage instantly. 30c and 50c tins.

The cost per cup of both kinds is about the same.

REPORTS ARE
SUBMITTEDQuarterly Conference of Meth-
odist Church Held on
Thursday Evening.

The first quarterly conference of the local executive board of the Methodist Episcopal church was held Thursday evening. The meeting was presided over by Rev. Raymond H. House of Dover, district superintendent. Nearly all the members of the board were present. The report of the entertainment committee was accepted and the committee was discharged. Rev. Mr. House at this point gave a brief talk on the work of the board in general. Mr. J. True Davis was made temporary secretary.

The heads of the following departments were present and submitted their reports: Rev. Mr. Galtier of the Ministry Department, Mr. Harry Hilton of the Sunday school, Mr. J. T. Davis of the Brotherhood, Mr. Daniel McIntire of the Class meetings, and Mr. James Smith as local preacher. Miss Melba Schurman was absent, and her report on the Junior League was read by Rev. Oyle L. Galtier.

Mr. Twombly reported on the Epworth League, Mrs. Howard Grover on the Ladies Aid Society.

Mr. Harry Hilton submitted the conference report, which was accepted and filed.

Mr. L. H. Crossley, president of the Epworth League, was elected a member of the conference board.

The meeting as a whole was very satisfactory and of great benefit to those concerned.

NAVY YARD NEWS

Ordered to Philippines

Commander William D. Brotherton, assistant to Commandant Coffman of the Boston navy yard for the past two and one-half years, received orders from Washington on Thursday detaching him from his present post and assigning him to the Asiatic station in the Philippines. He will leave Boston on May 20.

Busy at New York

War preparations have continued at the Brooklyn navy yard, despite the offers of mediation, and the Wyoming is ready for orders today. The dreadnaught Texas will probably be ready next week and orders cannot come too soon for the ship on board, who were keenly disappointed when the New York sailed ahead of them.

Wheeling Coming

The Navy Yard Improvement Association received a telegram from Senator Henry F. Hollis today which stated that the U. S. S. Wheeling would follow the Montana shortly for this yard.

Fifteen Going from Montana

Fifteen or more officers have been ordered detached from the U. S. S. Montana and the transfers will take place when the vessel arrives here next week. This naturally indicates a longer stay of the vessel in this port.

POLICE NEWS.

The trio of hoboes, arrested by the police at the old city farm on Thurs-
day, were released today after prom-
ising that they would quickly leave the
city.

The police are investigating a case
in a colored family in which one of
the daughters, a little over 13 years
of age, recently became a mother.

Schuyler Tohey was arrested by the
police today on a warrant issued by
the S. P. C. A. agent, Howard O. Nel-

son, charging him with cruelty to ani-

mals. The case will be heard by Judge

Forry in the district court this after-

noon.

Alfred Douglass, who claims Port-

land as his home, was sent to the coun-

ty farm for one month in the morning

session of district court today. Doug-

lass did some sneak thieving on

Thursday and pawned an umbrella

which he lifted from city hall and a

table cloth from one of the merchant

vessels at the coal docks.

Jacob Kaufman, a peddler from

Haverhill, Mass., was brought in by

Inspector Shannon for not carrying the

necessary license. He later deposited

\$15 with the city clerk and was re-

leased.

MAY SALE
A SUCCESS

Benevolent Society of the
Court Street Church
Hold Sale.

The Benevolent Society of the Court
street Christian church held a May
sale at their vestry Thursday after-
noon and evening. The entire vestry
was elaborately decorated, orange and
white being the color scheme.

The apron table was in charge of
Miss Margaret Staples and Mrs.
Frank Seavey. Mrs. David White
presided at the cake table.

The candy booth was conducted by
the Sunday school, the following la-
dies being in charge: Miss May Mc-
Callin, Miss Ella Goodwin and Miss
Grace Goodwin.

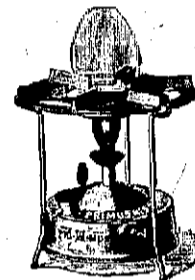

The Onward Class presided over the
Mystery Booth. Paper flowers and
clothespins were sold, strings being
attached, by which unknown quanti-
ties were drawn from the labyrinth
of cords. This department was in
charge of Mr. Clarence Smart, Mr.
Frank McMahon, and Rev Percy War-
ren Caswell.

The tea room, in charge of the Four
Leaf Clover Club, served sandwiches,
ice cream and cakes, tea and coffee.
Mrs. Clarence Smart and Miss Flor-
ence Gardiner presided.

Miss Mildred Griffin rendered some
very beautiful piano selections. A
very pleasant evening was passed by
all and the affair was voted a great
success.
